

# UC Irvine Health Learner: How To View, Export, Print, And/Or Save Transcript

1

Click the following link to open the login page to UC Learning Center and click **Login**. Login with your UCInetID credentials: <http://uclc.uci.edu/>  
 \* If you need assistance with your login information, please contact Help Desk at x3333.

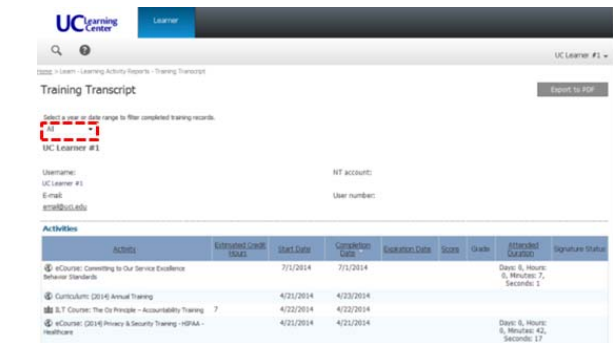

2

Click **Training Transcript** located on the home page.

3

All completed training will be listed. You can filter training records by year, by selecting a year in the drop-down field located in the upper-left hand corner.  
 \* **Note: Training records are listed from newest to oldest completion.**

1

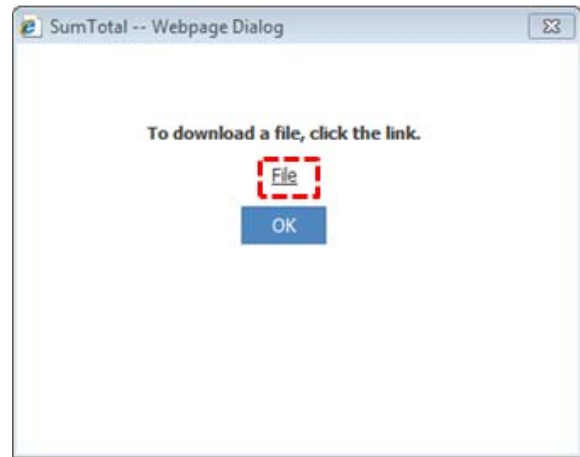

To export your training transcript into PDF format, click **Export to PDF** located in the upper-right hand corner.

# UC Irvine Health Learner: How To View, Export, Print, And/Or Save Transcript

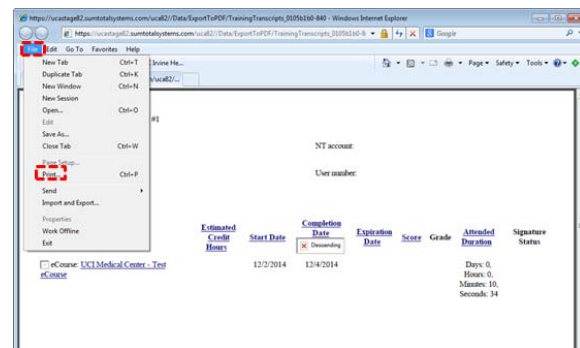

2

Click **File**.

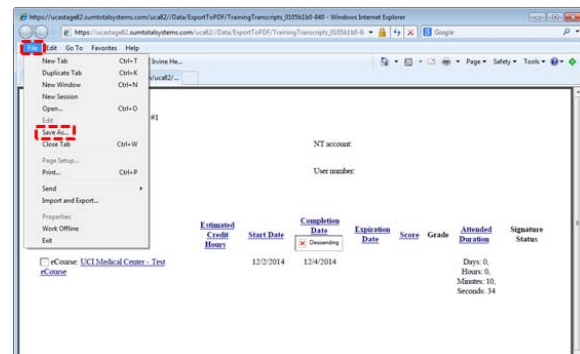

3

To print your training transcript, click **File** in your browser menu bar and select **Print....** Select your printer and configure your desired properties and click **Print** when completed.

To save your training transcript, click **File** in your browser menu bar and select **Save As....** Select a location to save the document, enter a name in the **File name:** field, and when complete click **Save**.

4

When complete, close the window. You will return to the UC Learning Center page. Click **OK** to close out of the **SumTotal -- Webpage Dialog** window and return to your training transcript page.
